# 1. Your travel benefits are based on the highest FNB transactional account you hold

For example: If you have an  
**FNB Easy Smart Cheque  
account**

as well as an **FNB Aspire  
Credit card**

the travel benefits  
you received will  
be based on your  
**FNB Aspire account.**

This means that you'll get  
**R100 off per one-way  
domestic flight and  
R50 off per one-way  
bus ticket.**

## 2. Your Annual Discount Savings is the total rand value of eBucks Travel savings you're allocated a year

This Annual Discount Savings amount is determined by the highest FNB transactional account you hold, and is allocated to you at the time of your September eBucks pay outs each year.

**Annual Discount Savings** can be used for the following

**FNB Easy Smart clients** can use their Annual Discount Savings on **bus tickets**

**FNB Aspire clients** can use their Annual Discount Savings on **bus tickets and selected domestic flights**

## Here's an example of how this works

FNB account	Annual Discount Savings per account holder, per year	Remaining Annual Discount Savings after the flight booking	Remaining Annual Discount Savings after the bus ticket booking
FNB Easy Smart	R500	Account does not qualify for flight discounts	$R500 - R50 = \mathbf{R450}$
FNB Aspire	R1 000	$R1000 - R100 = \mathbf{R900}$	$R900 - R50 = \mathbf{R850}$

### 3. Family members of clients with an FNB Aspire account can travel at a discount as well

**Children** between the ages of 2 and 24 years old **qualify for the same travel discount** as the main member of an Aspire account (i.e. R100 off per one-way flight and R50 off per one way bus ticket) if they have an active FNB Youth account and are linked to that member's family profile on the FNB App.

FNB Easy Smart account holder discounts only apply to the main FNB Easy Smart account holder.

#### Impact on Annual Discount Savings

The rand value of these family member discounts will also be deducted from your Annual Discount Savings.

If your spouse or partner is linked to your FNB family profile and has the same current account\*\* as you, **they also qualify for R100 off** when you book flights for them on your family profile.

\*Discount excludes taxes.

\*\*Current accounts are either an FNB Cheque, Fusion or Islamic account on the same product (i.e. Easy or Aspire).

Terms, conditions and earn rules apply. Certain benefits are dependent on your account. This is not meant to be a comprehensive guide to the eBucks Rewards Programme earn rules. Please visit [eBucks.com](https://eBucks.com) and [fnb.co.za](https://fnb.co.za) for the complete rules.

## If you book 2 more flight tickets for your child and partner in addition to your own ticket, here's how that would work:

FNB account	Remaining Annual Discount Savings after flight and bus ticket purchase	Remaining Annual Discount Savings after child's booking	Remaining Annual Discount Savings after partner's booking
FNB Aspire	$R900 - R50 = \mathbf{R850}$	$R850 - R100 = \mathbf{R750}$	$R750 - R100 = \mathbf{R650}$

If your partner decides to book their ticket using their own profile instead, the rand value of that discount will be deducted from their own Annual Discount Savings which is dependent on their highest product they hold.

## 4. FNB Aspire clients can unlock SLOW Lounge visits

To unlock bonus SLOW Domestic and International Lounge visits, book flights through eBucks Travel on the FNB App using your FNB Aspire Credit Card.
